Love Your Mother Earth

A "Green" Stewardship Awareness Event

Dear Donor,

April, 2008

Church of the New Covenant Presbyterian Church (PCUSA) is pleased to invite your participation in our first ecological stewardship awareness event on the afternoon of **Saturday, May 10, 2008, from 12:00 Noon - 4PM** to be held on our church grounds. This "green" outreach event is being advertised to include not only our own congregation members, but the **community of Northwoods and the City of Doraville**, where our church is located. This event will provide information, offer displays and examples, and sponsor a fun family outing to increase awareness of environmental issues!

DISPLAY YOUR "GREEN"

Our efforts this year will be enhanced with the help of families, friends, governmental agencies, and local businesses who offer merchandise or services directly related to reducing a damaging imprint on our planet. We are excited to include presenters who will provide educational information and expertise about environmental concerns as well as entertaining activities for all ages! We welcome donations of prizes or informational literature for distribution to event visitors.

SEEKING YOUR SUPPORT

We are seeking supporters, like you, to make a presentation, donate products, services and displays with examples or samples for attendees to take with them. We can schedule your presentation anytime from 12:30 - 3:30PM for that afternoon. Your contribution will be clearly marked in our program with your business' or organization's name and information. To ensure proper identification, please include two business cards with your donation. Your support is most appreciated.

Church of the New Covenant Presbyterian has been in the Doraville Northwoods neighborhood for almost 20 years. Our missions involve community outreach **globally** and in **neighborhoods around the Atlanta area**. As part of our Christian calling and responsibility, we often partner with churches of other denominations and our own to accomplish shared goals. Members volunteer our time, talents and resources to homeless men families in crisis, hunger programs, and new immigrants.

TAX INFORMATION

We hope your business or organization will support this ecological awareness event on May 10. You may use this letter as a tax receipt. Our Church is registered with the Georgia Secretary of State as a non-profit organization and our last registration was 3/31/07.

Faithfully,

Member, Church of the New Covenant Presbyterian Church
